

Google Pixel Upgrade Program

The Google Pixel Upgrade Program allows customers to purchase an eligible Google Pixel on the monthly installment (EMI) plan with select financing and banking partners, with an option to upgrade to a new eligible Google Pixel after at least nine (9) EMI payments.

- Customers can walk into the nearest store, select the eligible Google Pixel, purchase on a 24 month No Cost EMI plan or on outright purchase (non-EMI) on credit card and enroll for the program on <https://www.cashify.in/pixelupgrade>.
- After Payment of 9 EMIs (or after 9 months if purchased on non-EMI), customers will be eligible to upgrade to a new Google Pixel.
- To upgrade, eligible customers can just walk into the nearest store, select the new Google Pixel, trade-in the original financed Google Pixel and start the new 24 month No Cost EMI plan or on outright purchase (non-EMI) on credit card.
- As a member of this program when the customer decides to upgrade to the new Google Pixel, there is no need to worry about the condition of the original Google Pixel device. The amount equal to the remaining balance due under the customer's original installment loan (i.e. purchase price of the original financed Google Pixel, less all the EMIs paid) will be credited by Cashify to the customer's bank account. The customer can subsequently pre-close the original loan with the financing partner / Bank. In the case of non-EMI, the amount will be equal to the percentage grid listed below in section 4.c.

Customers enrolling in the Google Pixel Upgrade Program, agree to the following terms and conditions ("Terms & Conditions").

Program dates - Offer is available from 17th December, 2025 at select participating stores. The offer may be revised or withdrawn without any prior notice.

Eligible devices - Google Pixel Upgrade Program is available to qualified end user customers who finance and activate an eligible Google Pixel. The eligible models under this program are Pixel 10a, Pixel 10, Pixel 10 Pro, Pixel 10 Pro XL and Pixel 10 Pro Fold. Upgrade subject to eligible models.

1. Enrolling for the program

- Customers will be required to apply for and enter into a 24 month No Cost EMI plan on the retail price of the eligible Google Pixel, with our partners Bajaj Finance and HDFC Bank, or on outright purchase (non-EMI) on HDFC Bank Credit Cards. Subject to credit approval and credit limit of the customer. Offer is applicable in select stores. Please refer to the [store locator tool](#) to find the store near you.
- Post the purchase, customers will be required to enroll [here](#) for the program within 30 days. This is a mandatory requirement.

on MRP as reduced by ₹5000.00 instant store discount, for a 24 month No Cost EMI.

- Monthly EMIs illustrated above are rounded off to the nearest rupee for ease of reference.
- In case of No Cost EMI, the interest charged by the Bank will be passed on to the customer as an upfront discount at the store and the Bank charges annual interest rates according to the reducing monthly balance. In the monthly reducing cycle, the principle is reduced with every EMI and the interest is calculated on outstanding balance.
- The interest amount on the first EMI will be calculated from the Loan Booking Date till Payment Due Date as per Bank's Policy.
- Processing fee and GST on interest component applicable as per Bank's terms and conditions.
- All the details will be mentioned on the charge-slip for reference.
- In the event of customer pre-closing/ cancelling EMI before 9 months or after 15 months, pre-closure interest charges + 3% Pre-closure Fee on principle Outstanding (as applicable) will apply at the time of pre-closure. The same will be waived off if customer upgrades during the program eligibility window of 9-15 months, and pre-closes the existing loan.
- Valid for transactions made using Brand EMI option on select Pine Labs only.

4. Exercising the Upgrade option - Customers may be eligible to upgrade to a new eligible Google Pixel under the following terms and conditions of the program.

a) Eligibility criterion and requirements to upgrade

- The customer's account is in good standing condition with the financing partner under the terms of the installment loan. Also, the Customer is eligible for an additional credit line equivalent to the value of the new Google Pixel the customer wishes to upgrade to.
- Customers have paid a minimum of nine (9) EMIs (or after 9 months if purchased on non-EMI).
- Customers have to exercise the Upgrade option after payment of nine (9) EMIs and within fifteen (15) EMI payments (or after 9 months and within 15 months if purchased on non-EMI).
- If the customer decides not to upgrade within fifteen (15) EMI payments (or within 15 months if purchased on non-EMI), the customer will not be eligible for upgrade under this program and will continue paying the remaining EMIs till 24 months as per the payment terms with the financing partner.
- Customers will have to trade-in the existing Google Pixel financed under this program with Google's Authorised Trade-In Partner "Cashify".
- Offer is applicable in select stores. Please refer to the [store locator tool](#) to find the store near you.

b) Upgrading to the new Google Pixel

- If eligible based on the requirements listed above, the customer can walk in to the nearest store. Select the eligible new Google Pixel and enroll for the Pixel Upgrade program under the same terms and conditions (as detailed out above in '1. Enrolling for the program').
- Upgrading to a new eligible Google Pixel is subject to its release and availability at the time the customer exercises the Upgrade option. Depending on the eligible Google Pixel model chosen, the EMI value may change.
- Customers will have to trade-in the existing Google Pixel financed under this program, Google's Authorised Trade-In Partner "Cashify". There will be an option to exercise in-store trade-in or schedule pick-up within 5 days. At the time of device pick-up (at Store or at Doorstep if pick-up option selected) the device needs to go through a mandatory soft evaluation on Cashify platform to check for the following criterions:
 - 1) The device needs to switch on.
 - 2) The IMEI of the device should be the same as the device that was originally financed under Pixel Upgrade Program.
 - 3) The device is free from any functional defects.
 - 4) The device has not gone through any unauthorized repair, modifications etc.
- Only after successful trade-in (i.e. existing Google Pixel handed over to Cashify and above checks concluded), the upgrade process be deemed complete.
- Customers are recommended to go through mandatory evaluation of the original financed Google Pixel done by Cashify prior to completing the loan onboarding process on the new device with the financing partner / Bank.
- In the event of the customer not returning the original financed Google Pixel to Cashify or failure of either of the evaluation criterion, customer will continue paying the remaining EMIs due on the original Google Pixel till 24 months as per the payment terms with the financing partner/Bank, and as well the EMIs under the new instalment loan for the new Google Pixel purchased.
- Customers will also be required to share with Cashify the Bank Account details, where the amount for the traded-in device will be credited by Cashify.
- The customer is solely responsible for removing all data, including confidential and personal data, from the financed Google Pixel prior to the trade-in. Cashify does not accept any responsibility or liability for any lost files or data.

c) Settlement of original instalment loan after upgrading to the new Google Pixel

- Upon successful completion of Trade-in & upgrading to the new Google Pixel and re-enrolling for the Google Pixel upgrade program basis the criterion above, an amount equal to the remaining balance due under customer's original instalment loan (i.e. purchase price of the traded-in Google Pixel, less all the EMIs paid - refer to grid below Section 4.c.i) will be credited by Cashify to the customer's bank account.
- In the case of the original device purchased on non-EMI under this program, the amount will be equal to the percentage grid listed below (Section 4.c.ii) will be credited by Cashify to the customer's bank account. Please note that this is calculated on the net transaction value (i.e. net of discount or cashback or any other ongoing offer) that the customer had made on the original Google Pixel when enrolling for the program. The same would be reflected in the Pine Labs charge-slip.
- It is then the sole responsibility of the customer to payout the remaining balance due to the financing partner / Bank under the original installment loan. Please note the Cashify will not pay the balance due to the financing partner / Bank on behalf of the customer.
- In the event of the customer not paying out the balance due on the original financed Google Pixel, customer will continue paying the remaining EMIs due on the original Google Pixel till 24 months as per the payment terms with the financing partner/Bank, and as well the EMIs under the new instalment loan for the new Google Pixel purchased.
